

Stacking bin 186x400x182 Red

Our high quality, durable stacking bins have been designed for daily use in stores, production facilities and warehouses. Bins have been designed to fit all standard metric shelves, paternoster and industrial workstations. Bins of the same width stack securely, even if they are of different depths. Straight sides ensure an efficient use of space. The design, with a half-open front, allows excellent visibility and easy access to the bin's contents, making it easy to pick from. The colour options allow a storage system to be designed to meet the customer's requirements. The crystal clear bins are transparent, allowing easy visual identification. Bright colours make finding the right item easy.

Product code	1940-5
Width mm	186
Quantity per package	24
Depth mm	400
Height mm	156
Internal width mm	155

Internal depth mm	330
Internal height mm	140
ESD	No
Suitable for cleanroom	No
Temperature tolerance C	-20...+75°C
Chemical resistance	Withstands the effects of oils, most acids and solvents
Capacity l	7.2
RAL code	RAL3020
