

Stacking bin+D17:D24

Our high quality, durable stacking bins have been designed for daily use in stores, production facilities and warehouses. Bins have been designed to fit all standard metric shelves, paternoster and industrial workstations. Bins of the same width stack securely, even if they are of different depths. Straight sides ensure an efficient use of space. The design, with a half-open front, allows excellent visibility and easy access to the bin's contents, making it easy to pick from. The colour options allow a storage system to be designed to meet the customer's requirements. The crystal clear bins are transparent, allowing easy visual identification. Bright colours make finding the right item easy.

Product code	1930-1
Width mm	186
Depth mm	300
Quantity per package	24
Height mm	156
Internal width mm	155
Internal depth mm	230

Internal height mm	140
ESD	No
Suitable for cleanroom	No
Temperature tolerance C	-40...+55°C
Capacity l	5
